As we welcome cooler and shorter days, May arrives with the promise of more comfortable golfing weather and a calendar full of excitement at Port Shepstone Country Club. This month marks the start of our most vibrant season, filled with friendly competition, many visits from touring golf groups and opportunities to enjoy the game in its finest form.

Some of the highlights include a 5 day SANDF Championship Golf week & Master Builders Association Golf Day.

Thank you for your continuous support and we look forward to seeing you all on the fairways!

PORT SHEPSTONE COUNTRY CLUB – JUNIOR CLASSIC CHAMPS (INAUGURAL EVENT) MONDAY, 27 APRIL 2026

Port Shepstone Country Club proudly hosted its very first Junior Classic Champs Tournament, and what a memorable occasion it turned out to be. The competition was open to juniors of all ages, and the response was outstanding, with a fantastic turnout from young golfers across the region. From as young as 4 years old up to 17, the club was alive with energy, excitement, and pure passion for the game. The clubhouse and fairways were buzzing throughout the day, filled with eager competitors, supportive families, and proud coaches.

Despite challenging gale-force winds, the young players showed incredible determination and resilience. Their skill and composure in tough conditions were a true testament to the depth of talent coming through the junior ranks. Every swing, every putt, and every moment on the course reflected not just competition, but a love for the game. The atmosphere throughout the day was nothing short of spectacular — a celebration of junior golf at its finest. Events like these highlight the bright future of the sport and the importance of nurturing young talent at club level. Port Shepstone Country Club and organisers, Howard & Wynona Crouch has set the bar high with this inaugural event, and there's no doubt the Junior Classic Champs will become a highlight on the junior golfing calendar for years to come.

HOW TO REPAIR A PITCHMARK

Take your ball mark repair tool and insert the prongs into the turf at the edge of the depression. Do NOT insert the prongs into the depression itself, but at the rim of the depression.

Then push the edge of the ball mark toward the centre, using your ball mark repair tool in a gentle twisting motion.

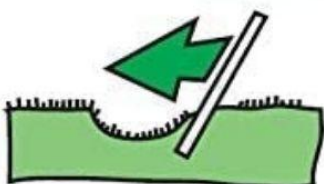

! This is where golfers who try to repair ball marks usually mess up. Many golfers believe the way to fix a ball mark is to insert the tool at an angle, so the prongs are beneath the center of the crater, and then to use the tool as a lever to push the bottom of the ball mark back up even with the surface. **Do not do this!**

Pushing the bottom of the depression upward only tears the roots, and kills the grass.

Right: Using the prongs to push grass at the edge of the depression toward the centre

Wrong: Using the prongs as levers to push up the bottom of the depression

Hi all. We had a great couple of days with Club Champs and some groups around. The course has been good to us and staff have really done their bit. The grass is slowing down on the growth side. We will be aerating the greens again, it really helps to do this on a regular basis. It helps the greens with letting oxygen into them. We've got some big golf days coming up. We have been blessed with some rain and we are hoping for some more. Please can everyone fix and repair pitch marks on the greens. Till next time, enjoy and support our lovely club!
